Program Information and Application

ALVIN COMMUNITY COLLEGE

Neurodiagnostic (NDT) Program

Associate Applied Science

2019 Application Deadline July 1

For more information
http://www.alvincollege.edu/Neurodiagnostic-Technologist-NDT
2019 GENERAL PROGRAM AND APPLICATION INFORMATION

The Program Begins Fall Semester of 2019

- For complete requirements and course information, please see our Alvin Community College Catalog.  
  http://www.alvincollege.edu/Programs-Degrees/Course-Catalogs
- Only Applicants who have been accepted into Alvin Community College with official transcripts on file will be considered.
- Application Period begins April 1.
- Early Acceptance Application Deadline is May 1.
- Final Application Deadline is July 1.
  - Approximately 2-4 Weeks after each application deadline, we will email you whether you are conditionally accepted, on the alternate list, or neither of these.
  - Email is the official means of communication from ACC to students.
- After acceptance, applicant must complete a physical examination, meet immunization requirements, pass a background check, clear drug screening, provide proof of medical insurance, and attend the NDT Program Orientation. Details on when and where to complete these will be provided in the acceptance Email.

Clinical Requirement
- Students will rotate through about 4-5 hospitals in the Medical Center and Greater Houston Area
- Student must provide own transportation to the clinical sites and pay for parking/public transportation (where applicable)
- Clinical Sites are chosen and assigned by the Clinical Coordinator

**Pre-requisites- Put the letter grade received, IP (in progress), or N(not completed)**

1. English 1301

2. Biol 2401: Anatomy & Physiology I

3. Biol 2402: Anatomy & Physiology II

4. Math Core (MATH 1314, 1324, 1325, 1332, 1342, 1350, 2412, 2413, or 2414)

**Hep B Round 1 Date Received:** __________

**Hep B Round 2 Date Received:** __________

**Immunization and Vaccine Records**

Hepatitis B Vaccine: Proof of completion of the hepatitis B vaccination series or serologic confirmation of immunity to hepatitis B is required as a condition of full acceptance to the program.

This is a series of 3 shots and can take up to 6 months to complete. We must see documentation of at least the first two immunizations at time of application. Documentation of the third vaccination must be provided at orientation.

*Post-vaccination antibody titer testing may be required.*

I certify that information given on this application is correct and complete to the best of my knowledge. I understand that miss-representation or omission of information will make me ineligible for admission to, or continuation in, the Alvin Community College Neurodiagnostic Technology Program. If applying online, signature will be obtained at an information meeting. I understand that an offer of admission will require compliance with the Activity Standards and Immunization Requirements outlined in this application. I understand that if selected for admission to this program, my acceptance is conditional on successfully completing a background check conducted by Alvin Community College. I understand that my acceptance to the program is contingent upon the successful completion of any outstanding prerequisites (if applicable) and that verification must be provided to the program prior to matriculation. I understand that all documents submitted to Alvin Community College will be retained permanently by the Program regardless of my admission status.

CONSENT FOR RELEASE OF INFORMATION

My signature below indicates that I have read the policy on Criminal Background Screening for the Neurodiagnostic Technology program. This form provides my consent for the results of criminal background checks to be released to the Alvin Community College program director. I certify that I do not have any criminal history that would disqualify me from a clinical rotation or prevent me from obtaining Neurodiagnostic Technology licensure.

DRUG SCREEN

My signature below certifies that I have read, understand and agree to accept the Alvin Community College Health Program’s Policy for Drug Screening.

TECHNICAL STANDARDS - ACKNOWLEDGEMENT
PHYSICAL REQUIREMENTS/WORKING CONDITIONS

I acknowledge receipt of the form Technical Standards for Neurodiagnostic outlining the physical requirements of the training program and the duties of the Neurodiagnostic Program at Alvin Community College.

By my signature below, I confirm my physical ability to fulfill the responsibilities of the program and any positions which I may be offered following graduation with or without reasonable accommodation.

**Provide for safe patient care despite a rapidly changing and intensely emotional environment. Perform multiple tasks concurrently. Maintain enough composure to provide for safe and effective patient care despite crisis circumstances.**

**Evaluate different sources of diagnostic information to help arrive at a patient diagnosis. Evaluate priorities in order to provide for the most appropriate care. Appropriately evaluate data in order to notify physician and nursing when necessary.**

**Evaluate different sources of diagnostic information to help arrive at a patient diagnosis and treatment. Evaluate data in order to formulate an appropriate action plan.**

**Communicate effectively with disagreeable patients, family doctors, and nurses and other staff in order to attempt to meet therapeutic goals for the patient.**

**Communicate effectively and appropriately with doctors, nurses, patients, family, and other staff in order to provide for most effective and efficient patient care.**
**IMMUNIZATION REQUIREMENTS**

To enter Neurodiagnostic Technology Program at Alvin Community College the following immunizations/tests are required. (Required by State Law/Clinical Facilities)

**PRIOR TO APPLICATION:**

**Hepatitis B Vaccine:** Proof of completion of the hepatitis B vaccination series or serologic confirmation of immunity to hepatitis B is required as a condition of full acceptance to the program.

This is a series of 3 shots and can take up to 6 months to complete. We must see documentation of at least the first two immunizations at time of application. Documentation of the third vaccination must be provided.

*Post-vaccination antibody titer testing may be required.*

**AFTER ACCEPTANCE:**

**Tuberculin Test (PPD):** *Once in the program, repeat testing will likely be required.*

Should be done close to the time you begin the program to last throughout the academic year

**Chest x-ray required if PPD is positive** (include signed copy of chest x-ray results).

**Varicella (Chicken pox):**

Vaccination with two doses of Varicella vaccine administered 4-8 weeks apart.

**OR**

Serologic test positive for Varicella antibody. (Attach laboratory proof of varicella immunity)

**MMR (measles mumps and rubella)**

Vaccination with two doses of MMR vaccine administered at least 28 days apart

**OR**

Serologic test positive for MMR antibodies. (Attach laboratory proof of MMR immunity)

**TDaP (Tetanus, Diphtheria, Pertussis):**

Immunization for TDaP administered on or after 18th birthday. (Vaccination MUST include Pertussis)

**Seasonal Flu:** REQUIRED ANNUALLY

A seasonal flu vaccine is required prior to October 1st for continued clinical participation.
Alvin Community College
NEURODIAGNOSTIC TECHNOLOGY PROGRAM
Policy for Criminal Background Screening

The purpose of this policy is to:

1. Comply with clinical affiliates who may require a student background check as a condition of their contract
2. Promote and protect patient/client safety

Conduct of Criminal Background Check

Background checks will be conducted as a condition of full acceptance into Neurodiagnostics program. The results will be accepted for the duration of the student’s enrollment in the Neurodiagnostics program if the participating student has not had a break in enrollment at the college and if the student has had no disqualifying allegations or convictions while enrolled. Alvin Community College will designate the agency selected to do the criminal background screening. Results of the background check will be sent directly to the program director at each college. The student will pay the cost of the background directly to the agency. The student will sign a form indicating knowledge of this policy and their belief that they do not have any criminal history that would disqualify them from clinical rotations.

Unsatisfactory Results

A student with a significant criminal background screen will be ineligible to enroll in the Neurodiagnostics program. All criminal background information will be kept in confidential files by the investigating agency and the program director will have access to these files. A student who is convicted of a criminal offense while enrolled in the program must report the offense to the program director within three days of the conviction.

Student Rights

Students sign a release form that gives the program director the right to receive their criminal background information from the agency. If the student believes his or her background information is incorrect, the student is responsible for providing the evidence of the inaccuracy of the information to the investigating agency. The student will not be able to enroll in the Neurodiagnostics program until the question is resolved. The inability to participate in a clinical experience could prevent a student from meeting course objectives and result in failure of the course.
Neurodiagnostic Technology Program

POLICY FOR DRUG SCREENING

PURPOSE

- Promote And Protect Patient/Client Safety
- Comply With Clinical Affiliates Drug Screen Requirements
- Detect Illegal Drug Use

DEFINITION

Non-Negative Drug Screen: A non-negative drug screen means a medically acceptable drug test, approved by Alvin Community College, the results of which indicates the use of illegal drugs.

Illegal Drugs: Illegal drugs include those drugs made illegal to possess, consume, or sell by Texas and Federal statutes. An illegal drug also includes those drugs taken by an individual which exceed the prescribed limits of a lawful prescription or the taking of a prescription drug prescribed for another person.

DRUG SCREENING PROCEDURE

Drug screening is conducted on all student applicants after conditional acceptance into the program. A non-negative drug screen will bar admission to the program for a minimum of 12 months. The results of the drug screen are generally accepted for the duration of the student’s uninterrupted enrollment in the program unless allegations are made to support reasonable cause that the student is not free of illegal drug use; with reasonable cause the student may be required to submit to further drug screening at his/her own expense. Alvin Community College will be responsible for designating and approving the drug screening procedures. The student must complete drug screening at the scheduled time. An unscheduled drug screen will result in an additional expense to the student and conducted at a time and place designated by the college. The student must pre-pay for the drug screen as directed by the Program. The student is required to complete a release directing the company/agency conducting the drug screen test to send the results directly to the Program Director.

The results reported by the company/agency conducting the drug screen is final unless the student with a non-negative drug screen, within 10 days of learning of the non-negative drug screen, requests review of the results from the company/agency who originally administered the drug screen. Once the company/agency reports their review finding, the results are final and not appealable.

POLICY

When the college determines that a student has a non-negative drug screen, the student is not allowed to attend any clinical agency/rotation for a minimum of twelve months and may affect his/her re-admission to the program. The student with the non-negative drug screen is required to withdraw from the clinical course and all concurrent health, nursing or allied health programs. Prior to returning to the program, the student must re-apply and be accepted to the program (including re-testing), have a negative drug screen, and provide satisfactory documentation to the college of successful drug counseling and treatment, all at the expense of the student. When a student with a non-negative drug screen is accepted back into the program he/she will be subjected to unannounced random drug screening at their expense.
